

## Implant Case Communication & Timing Worksheet

*Return this form to D&S with your implant case*

### Information D&S Needs to Provide Impression Copings

- Doctor Name: \_\_\_\_\_
- Patient Name: \_\_\_\_\_
- Implant Brand: \_\_\_\_\_
- Implant Diameter: \_\_\_\_\_mm
- Type of Restoration Planned: \_\_\_\_\_
- Are Rental Tools Needed?     Yes     No

### Timing Considerations

- Please Allow 2 Days for Delivery of Impression Parts
- Most Implant Crowns Can Be Completed Within 8-10 Business Days in the Lab.
- Some Zirconia Abutments Require Between 4-14 Days for Fabrication, with Additional Time for Crown Fabrication.

D&S maintains a large inventory of implant components from all major manufacturers. Most stock parts are available for immediate delivery or shipping.

If you need help in any way with your implant case, please contact Kate Seidel, CDT.
